Phantom of the Opera Homework Check

 Lydia de Leeuw Apr 15 (Edited Apr 15)

Phantom of the Opera Measures 42-50 at quarter note = 66

The metronome must be audible and your face, instrument, bow, and left hand must be fully visible. Audio recordings will not be accepted for this assignment.

This assignment will be graded on correct rhythms, staying with the metronome, intonation (including correct notes), bowings, and dynamics.

Grade

24/25

Hi 

Nice job with this! The notes, rhythms, and dynamics are all there. You missed one bowing in measure 43 that got you backwards for most of the passage- the first two notes should be slurred in that bar. Nice job staying with the metronome, you are very steady.
